

DRIVER & BOF

Driver and **Bof** are a dj and a pianist that met each other in the maritime city of Genova on 2001. They are both producers but with two different types of past:

Driver

During her long experience he played all over the Europe and with various famous international djs. His first record e went out in **France** on 1996 with “Omnisonus” a famous house label Paris.

His peculiarity is to be always distinguished to the mass, he utilise eclectics ways to appear on the dancefloor.

In the next winter he played in the most famous club of his city for the event “**Utopia**”. He appear there in quality of resident dj, he worked with important dj as **Joe T. Vannelli, Claudio Coccoluto, Francesco Farfa and Alex Neri (Planet Funk)**.

Bof

when he was 6 years old he already played the piano. He was award (12 years) in national music competitions. He was 18 years old, he left the Music School to go to **England** with his language diploma. Here he work a lot for a **television aerial (Rebel Media)**. In this aerial he work in production of soundtracks for sport programs. He obtained a lot of collaborations of famous engineers.

On 1998 he recorded his first **record in Los Angeles** with **Prophecy**, working on a european tour of sport events.

On 2000-01 he work with **Boy George** and **Checky Paul** for an esibition of **Christian Dior** and **Versace**.

These so different talents joined each other to experiment new types of music, for few kind of people.
